a. **Visiting Students**

The rules were originally intended to allow visiting students to row for their College. However, currently visiting students are not receiving full bod cards with a college affiliation rendering them ineligible to row in bumps. Clearly a long term solution is required to this but temporarily it is proposed that all Visiting Students who are part of a college (as deemed by the race committee) are eligible to row in Torpids 2007 for that College (back dating to the start of Rowing On).

In the past few years this has effectively been the circumstances but because of the new entry system automatically checks eligibility this has been highlighted to both the committee and captains.

Normally motions affecting an event would not be allowed at the Captains' Meeting after Rowing On as technically the event has begun, however, the committee feels this is an extraordinary situation.
