### Please remember the golden rules:

- Boat with bows downstream as soon as the last racing crew (typically followed by the following launch) has passed your raft.
- Proceed directly to the gut on your side of the river then stick to normal, bow side, circulation below the gut.
- Be in line, kit changed and ready to go, at least 5 minutes before the division starts.
- Tap up to close all gaps immediately using at least half your crew.
- Crews being overtaken during Rowing On are required to give way. Failure to do so may result in a time penalty. Crews impeded by other craft during Rowing On may be awarded a time bonus..
