## Committed to:

- First and foremost, supporting the secretary in the facilitation of college rowing and racing.
- Providing a resource to advise and assist new coaches, particularly in Michaelmas term.
- Working with the EA and COUR to readdress the flag system to ensure maximum safe rowing during years such as this one.
- Establishing more advanced coxing seminars/guidance to improve the standard of college coxing for those keen to improve in preparation for Senior Status assessments.

## My motivation:

I want to be the Rowing Sabbatical for much the same reason as I love to cox; I love working with people to maximise the reward they get from the effort they are putting into their rowing, so that they get more productive and more enjoyable outings. Similarly, I am running for the Sabbatical to help you get the most out of your and your club's rowing experience. I hope you will allow me the chance to use my knowledge, experience and enthusiasm to work with you and the committee to give you the best of Oxford rowing.
