WHY ME?

I have been involved in rowing for 8 years and it has been a huge part of my life in many ways. I love this sport and my involvement with OUWLRC has not only improved my rowing ability but helped me realise my passion for inspiring excellence in others. As every candidate, I want to help support rowing in Oxford and ensure smooth running; however I also want to improve it further. Everyone starts as a novice somewhere and can go on to achieve great things within the sport. I appreciate the importance of inclusion in college rowing but also recognize the potential power it has to form spectacular athletes. Athletes who go on to be spring-boarded through the University Rowing squads, as I have seen in my past 3 years with OUWLRC. The experiences, friends and achievements I've had thanks to rowing are fantastic and I want others to have as prosperous experience as I have with rowing.
